Our indoor accommodation is offered across two buildings:

Main Chalet opened in 1932 and offers dorm rooms, triple rooms, twin rooms, and a single room. The largest dorm room can sleep up to 14 guests. None of the rooms in Main Chalet have bunk beds.

Spycher House opened in 1999 and offers one dorm room (sleeps up to eight guests), quad rooms, twin rooms, and two single rooms. Some rooms in Spycher House have bunk beds.

For groups, rooms will be assigned by our office staff based on your needs. To maximise availability, groups may be split across both buildings. Our staff always ensure at least one leader is in the same building as participants from their group.

Participants from different groups do not usually share rooms (unless by request), however, different groups will share the same common facilities such as bathrooms and hallways. Our Chalet is open to guests of all genders.

For details of wheelchair accessibility in our indoor accommodation please e-mail [info@ourchalet.waggs.org](mailto:info@ourchalet.waggs.org). As a broad overview, accommodation suitable for manual wheelchair users is available in Spycher House. Users of powered wheelchairs or mobility scooters who can walk short distances can also access this accommodation.
